**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Variance to allow 41 parking spaces where 63 spaces are required on 0.71 acres at 2301 East Sahara Avenue.

The applicant is requesting a Site Development Plan Review (SDR-23545) for a proposed 6,170 square foot commercial building with landscape waivers for the perimeter buffer width. These deviations from standards indicate that the applicant is intending to overbuild the site; therefore, staff recommends denial. The deviation of standard is 35%.

BACKGROUND INFORMATION

<i>Related Relevant City Actions by P&D, Fire, Bldg., etc.</i>	
There are no permits pertaining to this site.	
<i>Related Building Permits/Business Licenses</i>	
07/08/92	Real Estate Business Broker licensed issued.
<i>Pre-Application Meeting</i>	
07/10/07	A pre-application was held with the applicant. The applicant expressed that they proposed to demolish the building, replacing it with a commercial building of similar size. The issue of cross access between the flag lot to the north of the property was discussed, as well as, the deficiency in parking spaces for the proposal, which would require a Variance.
<i>Field Check</i>	
08/09/07	A field check was made on the site. There is an existing office building on site. There is a prominent grade between the adjacent east and west parcels.

ANALYSIS

The applicant proposes to demolish the existing 6,084 square foot office building, replacing it with a 6,170 square foot commercial building. The proposed commercial establishment requires 63 parking spaces. The submitted site plan indicates 41 spaces will be provided, including two handicap accessible spaces. A Variance (VAR-21993) has been requested which would be a 35 percent deviation from standards.

FINDINGS

In accordance with the provisions of Title 19.18.070(B), the Planning Commission and City Council, in considering the merits of a Variance request, shall not grant a Variance in order to:

1. Permit a use in a zoning district in which the use is not allowed;
2. Vary any minimum spacing requirement between uses;
3. Relieve a hardship which is solely personal, self-created or financial in nature.”

Additionally, Title 19.18.070(L) states:

“Where by reason of exceptional narrowness, shallowness, or shape of a specific piece of property at the time of enactment of the regulation, or by reason of exceptional topographic conditions or other extraordinary and exceptional situation or condition of the piece of property, the strict application of any zoning regulation would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardships upon, the owner of the property, a variance from that strict application may be granted so as to relieve the difficulties or hardship, if the relief may be granted without substantial detriment to the public good, without substantial impairment of affected natural resources and without substantially impairing the intent and purpose of any ordinance or resolution.”

VAR-23547 - Staff Report Page Four
September 13, 2007 - Planning Commission Meeting

No evidence of a unique or extraordinary circumstance has been presented, in that the applicant has created a self-imposed hardship. An alternative design would allow conformance to the Title 19 requirements. In view of the absence of any hardships imposed by the site's physical characteristics, it is concluded that the applicant's hardship is preferential in nature, and it is thereby outside the realm of NRS Chapter 278 for granting of Variances.
